FEATURES

Figure 1 displays various map symbols and their corresponding labels, organized into two columns. The left column shows symbols for 'Highway' (a solid line), 'Secondary Road' (a dashed line), 'Jeep Trail/Walkway/Terray' (a line with cross-ticks), 'Railroad' (a line with cross-ticks and a central bar), 'Military' (a blue dotted rectangle), and 'Inset' (a grey rectangle with a dashed border). The right column shows symbols for 'Pipe/Power Line' (a line with cross-ticks), 'Ridge/Physical Feature' (a line with cross-ticks and a central bar), 'Property/Fence Line' (a line with cross-ticks), 'Nonvisible Boundary' (a line with cross-ticks), 'Stream/Shortline' (a blue line with wavy segments), 'Intermittent Stream' (a blue line with wavy segments and a dashed border), 'River' (a blue wavy shape), and 'Glacier' (a blue wavy shape with a dashed border). Each symbol is accompanied by its label in a matching color or style.

Where international, state, and/or county boundaries coincide, the map shows the boundary as established. For cities, the boundary coincides with the boundary of the city.

- 1 A "°" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- 2 In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a ".99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- 3 A "*" following a block number indicates that the block number is repeated elsewhere in the block.
